# Wellness Ambassador Nomination

The Wellness Ambassador Award is a chance to celebrate the many ways that we work together to create a healthy school environment. We invite employees to nominate a school, department or a fellow employee who models a healthy lifestyle, has made significant changes in health behaviors or motivates others to make health improvements. One Wellness Ambassador will be selected from the nominees every month and spotlighted in the Wellness Wednesday Email Update. Individuals and schools who are selected for the award will receive a great prize from the Employee Wellness Program for serving as an inspirational role model for the District. Please describe the person or school you are nominating and provide digital pictures if available.

**Please complete the following information about the nominee:**

NAME (may be an employee, school, department or worksite)

WORK LOCATION

JOB TITLE

Please tell us why you are nominating this employee or worksite for the Wellness Ambassador Award:
